

LESSONS PLAN FOR LABS - YEAR 2024/2025

SATURDAY MORNING LABS – 1.5 HRS

KIDS MIX – 4 TO 10

HOW TO MAKE A PON PON SHEEP

MATERIALS: YARN IN DIFFERENT COLOURS, SCISSORS, GOOGLY EYES

- Begin by gathering the kids together. Introduce yourself and do some games to get to know the kids. Ask their names and how old they are. Ask how they feel. Establish a connection and make them dance and act out (es. Head shoulders knees and toes, If you are happy, Pinocchio dance, etc).
- When you feel that the warmup is over, explain to them that today we are going to make pon pons. Have they ever made pon pons? [Show them this video](#). Then move to the tables and start the wool mess!! Ask the kids what colour they want, make them wrap the wool on their hands and then teach them how to tie the string in the middle. Then cut the yarn and make it round.
- When all kids have a sheep or a pon pon, collect all of them, do clean up and bye bye song.
